

# GeorgiaVIEW

## What is GeorgiaVIEW

- The USG / ABAC learning management system and course material storage.
- Holds information such as grades, assignments, quizzes, and announcements.

## How to Access:

- Log into my.abac.edu and click the GeorgiaVIEW app icon.
- Login directly at [abac.view.usg.edu/D2L](http://abac.view.usg.edu/D2L)
- Access on your mobile device using the Brightspace Pulse app by D2L (Desire 2 Learn) Corporation or My.ABAC app

## Features

- **NOTIFICATIONS** (Bell icon located on the upper right): Lists recent notifications received from your courses, instructors, and classmates. You must set your preferences to receive push notifications.
- **NAVIGATION BAR** (Green Bar): Allows students to navigate the platform once a course is selected.
  - **CONTENT:** When you are in a course you can go to the content tab and view class related content that the teacher has posted.
  - **ASSESSMENTS:** Students can find links to content they need to complete for the class and their grades.
  - **MORE TOOLS:** Additional tools such as Zoom, Kaltura and your Locker.
- **MY COURSES WIDGET:** List of pinned courses on initial home screen
  - Courses may need to be pinned or unpinned based on preference: Pin option is located on upper right corner of course icon.
- **ANNOUNCEMENTS:** Announcements from the university on upcoming events or other general announcements from courses (grades posted/updated, assignments posted/ due)
- **CALENDAR:** Displays assignments and course content added by instructors
- **GALILEO SEARCH BOX:** Used to input searches into the Galileo database.

## Training and Tutorials

- [D2Lhelp.view.usg.edu](http://D2Lhelp.view.usg.edu) The D2L Help Center provides Brightspace support for all GeorgiaVIEW Students, Faculty & Staff, 24 hours a day, 7 days a week, 365 days a year, via phone, chat, or email.
- Students can enroll in a self-paced training course in GeorgiaVIEW. Click on Discover (in the More tab of the Directory Bar) and choose Student GeorgiaView Training.
